

The following is an Examiner's Statement of Reasons for Allowance:

Examiner notes applicant's amendments and applicant's arguments in support of a finding of allowability. Because applicant has limited the scope of the method of treatment claims to the specifically tested embodiments, examiner finds applicant's arguments convincing and has for this reason, and in view of a previous finding of partial allowability, finds the claims both free of the prior art and enabled, and therefore allowable as amended.

Any comments considered necessary by applicant must be submitted no later than the payment of the Issue Fee and, to avoid processing delays, should preferably **accompany** the Issue Fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
